

# Ben Remez

SOFTWARE ENGINEER

## Profile

- Practical experience with C++, C, Java on IntelliJ, Eclipse and Visual Studio environments.
- Practical experience with Flutter & Dart on Android Studio environment.
- Practical experience developing in Linux environments.
- Practical experience with Spring boot and React.
- Great knowledge in algorithms, complexity, computer architecture and operating systems.
- Responsible, good leadership skills, great communication skills, can handle work under high pressure, a good team player with great co-op skills.

## Employment History

### Software Developer, TOMIA, Ra'anana

MARCH 2022

- Created, communicated, and managed project plans.
- Successfully worked at an independent level, while also serving as an effective and enthusiastic collaborator.
- Performed automated testing tasks and developed complex features routinely.

## Education

### Software Engineering BSc, Afeka Academic College of Engineering, Tel Aviv

OCTOBER 2018 – JULY 2022

### Cyber Security Course, Kernelios Institute, Rishon LeZiyyon

Graduated with excellence.

## Military Service

### Combat Soldier at Fields Intelligence Unit

MARCH 2014 – MARCH 2017

Battalion 636, Chameleon company.

Had few duties in the team: Officer's signal operator, builder (camouflage), driver and other classified duties in the fields of camouflage and intelligence gathering.

On the last year of service had a high ranked duty at the camouflage department and founded the first ever Krav-Maga department of the battalion.

Finished service at Staff Sergeant rank. During my service I took part in many classified operations.

My duties in the army required thinking outside of the box, taking many responsibilities, leadership, teamwork, and co-operation, working under high pressure, the ability to move and lead people and operation related processes.
